AUTO BLEND

always there, always durable.™

High-Performance Sensor Blender

HBH850

### 3 reasons to buy

#### Performance

- Auto Blend stops blender when drink reaches the perfect consistency
- Wave~Action® system continually forces mixture down into the blades
- Super-creamy drink profile

#### Durability

- 3 Hp motor with all-metal drive coupling
- Jar pad sensor helps prevent "wear & tear"
- Unique airflow baffle keeps unit cool and prevents water ingress

#### Ease of Use

- Auto Blend "One-Touch Sensor Blending"
- Easy-to-clean controls
- Timer with automatic shutoff
- Stackable 64 oz. polycarbonate container
- USB port for future program updates
- Quiet Shield™ sound enclosure

always there, always durable.™

High-Performance Sensor Blender

# Summit® with AUTO BLEND

Since you know exactly when drinks are ready, blending mistakes are a thing of the past.

HBH850

Unique Features

## Summit® Blender

**Auto Blend "One Touch Sensor Blending"** - Patent-pending technology continuously monitors blender's power usage and speed to determine when the perfect drink consistency is achieved.

**Hundreds of Pre-Programmed Cycles** - Reduces the need to select different cycles for different drinks to free up decision-making time.

**Automatic Shutoff** - As soon as the mixture reaches the perfect creamy drink profile/consistency, the blender stops to help prevent over- and under-blending.

**Super-Creamy Drink Profile** - The Wave~Action® System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

**Cavitation Control** - Detects when cavitation occurs and prompts the operator to add more liquid. Keeps the operator from spending time watching the blender and from serving a bad drink.

**Airflow Baffle** - Constantly circulates cool air around the motor for back-to-back blending and longer blender life.

**Jar Pad Sensor** - Turns off motor when container is not in place to reduce grinding and "wear and tear" from misuse.

### Specifications:

Standard: Unit comes with base, one container, sealing gasket, Quiet Shield™ sound enclosure & 3-wire grounded cord and plug

Controls: Touchpad

Container: 64 oz. stackable polycarbonate

Motor: 3 Hp

Electrical: 120 V, 60 Hz, 10 Amps

Weight: 18.1 lbs / 8.2 kg

Warranty: 2 years or 20,000 cycles, whichever comes first

UPC: 0 40094 91083 0

I 2 of 5: 10040094910837

Case Pack - 1

Auto Blend stops the blender when drink reaches the perfect consistency

USB port for future program updates

Dual fans automatically keep motor cool in-between blends

Unique airflow baffle keeps unit cool and prevents water ingress

Converts for in-counter use

Jar pad sensor turns off motor when container is not in place to reduce "wear and tear" from misuse

Quiet Shield™ sound enclosure reduces blender noise
